Mount Zion Baptist Christian School

## Christian Education is God's plan.

Mount Zion is a private Christian school, and the teachings of Jesus Christ form the foundation of the educational program at Mount Zion. God has instructed all believing parents to provide an education for our children in which He is the center. In the Bible, God instructs us to place our children in an environment in which they hear about Him in the early morning, in the afternoon and the evening.

Our educational program also has a very strong academic emphasis. Our students are academically challenged to perform their best.

## Our Vision

Mount Zion is preparing our students to be Christian leaders. It is our vision to develop our students spiritually, academically, emotionally and socially We seek to develop a Christian leader's mindset in our students and we encourage our students to have the courage to stand for what is right.

## Our Mission

Our mission to provide an educational program that will develop the whole child in the same areas in which Jesus grew. **As a child Jesus grew in wisdom, intellectually;** in favor with God, **spiritually;** in favor with man, **socially, emotionally** and in statue, **physically.** Luke 2:52.

Mount Zion seeks to develop students:

\***Academically**, students are challenged perform their best.

\***Spiritually**, they are to put in action the principles of God that they are taught.

\***Socially**, they are taught appropriate manners and encouraged to use them.

\***Emotionally**, they are helped to understand their behavior and aided in their understanding of their racial and spiritual identity.

\***Physically**, students are provided the opportunity to participate in physical activities and taught how to develop a healthy body.
